The brass S-5-B clamp is designed to complement the beauty of your copper roofing without piercing the panel, thereby preserving the roof manufacturer’s warranty!

S-5-B Clamp
Architects and roof designers choose copper roofing for its timeless elegance and durability. The S-5-B (“B” for “Brass”) allows architects to maintain that theme with all equipment and accessories that must be mounted to the roof with permanence and durability consistent with the roof itself.

This clamp is specifically designed for double-folded copper standing seam paneling.

Installation is as simple as placing the clamp on the seam and tightening the patented round-point setscrews to the specified tension. Then, affix ancillary items using the bolt provided. Go to www.S-5.com/tools for information and tools available for properly attaching and tensioning S-5!® clamps.

S-5-B Mini Clamp
The S-5-B Mini is a bit shorter than the original S-5-B and has one setscrew rather than two. The mini is the choice for attaching all kinds of rooftop accessories: signs, walkways, satellite dishes, antennas, rooftop lighting, lightning protection systems, solar arrays, conduit, rooftop mechanicals—just about anything!*

*S-5! mini clamps are not compatible with, and should not be used with S-5! SnoRail™/SnoFence™ or ColorGard® snow retention systems.
The S-5-B and S-5-B Mini clamps are each furnished with the hardware shown to the right. The S-5-B standard clamp is provided with an M8-1.25 X 16.00 mm Hex Flange Bolt. Each box also includes a screw gun bit tip. All included hardware is stainless steel. Please visit www.S-5.com for more information including CAD details and specifications.

The S-5-B and S-5-B Mini clamps have been tested for load-to-failure results on cold-rolled standing seam copper. The independent lab test results found on our website at www.S-5.com prove that S-5!® holding strength is unmatched in the industry.

An S-5-B standard clamp compatible with an M10-1.5 X 16.00 mm Hex Flange Bolt is available upon request for an additional up charge.
